Assistant Commissioner for Patents

Washington D.C. 20231 Box: Patent Application

SIR:

Prior to examination, please amend the above-identified application as follows:

In the Claims

Please cancel claims 1, 3-5, 7, 8, 10-16, 18-24, 58-59, 62 and 64, without prejudice.

REMARKS

Claims 1, 3-5, 7, 8, 10-16, 18-24, 58-59, 62 and 64 have been canceled. Claims 25, 27-29, 31-34, 36-38, 40-43, 45-47, 49-57 and 65-67 are now pending in this application.

In the Advisory Action dated March 11, 2002, the Examiner continued to allege that Schneider teach a composition that anticipates the present claims. To expedite the prosecution and without admitting that the Examiner's ground is correct, Applicants cancel those claims directed to a composition without prejudice.

Schneider is directed to a method for modulating micro-circulation in a patient in need of such modulation. Applicants respectfully submit that Schneider fails to provide any motivation or suggestion to one skilled in the art to use the composition in supplementing the diet of an athlete.
